

Dagny Johnson Key Largo Hammock Botanical State Park

Welcome to our park! It is home to the largest contiguous rockland hammock and many unique inhabitants.

-  **Port Bougainville Trail:** This 2.27-mile loop features several restoration areas that bear the scars of a failed 1970s development.
-  **Botanical Trail:** This 0.25-mile stroll features various marked plants that find a home in the unique South Florida environment.
-  **Coastal Spur Trail:** Dividing the hammock and coastal communities, this 0.7-mile trail's southern end offers an open ocean view.
-  **Hammock Spur Trail:** This 0.28-mile hammock trail nearly halves the Port Bougainville loop for visitors seeking a shorter route.
